

PORTAL

User Guide

For Yacht Brokers & Assistants

1. Welcome to the YachtPics Portal

The YachtPics Portal is your central hub for managing listings, viewing delivered photos, tracking shoots, and sharing branded client presentations. This guide walks you through every section from first login to day-to-day use.

A note on photo downloads

Photo downloads are always free — no subscription required. A paid plan unlocks photo uploading, the slideshow builder, and client-sharing tools.

2. Creating Your Account

If you already have an account, skip to Section 3.

2.1 Sign Up

1. Go to yachtpics.com and click Sign In, then select Create an account.
2. Enter your First Name, Last Name, Brokerage name, Email address, and a password (minimum 8 characters).
3. Click Create Account.
4. Check your inbox for a confirmation email and click the link to activate your account.

| Check your spam folder if the confirmation email doesn't arrive within a few minutes.

3. Signing In

5. Navigate to the Portal and click Sign In.
6. Enter your Email and Password.
7. Click Sign In — you'll land on your Dashboard.

To sign out, click your name in the bottom-left sidebar (desktop) or tap the Sign Out button in the top bar (mobile).

4. Dashboard

Your Dashboard is the first screen you see after signing in. It gives you an at-a-glance view of your account.

Stat Card	What It Shows
-----------	---------------

Active Listings	Number of current, live listings
Total Shoots	Your cumulative shoot count
Plan	Your current subscription tier or trial status

4.1 Trial Banner

If you're on a free trial, a banner across the top of the Dashboard shows how many days remain. Click Upgrade to choose a plan without losing any data.

4.2 Recent Listings

The lower panel shows your five most recently updated listings with vessel name, location, and status. Click View all to open the full Listings page.

5. My Listings

My Listings is where you view, manage, and share every vessel in your portfolio. Listings are grouped into Active and Archived / Sold.

5.1 Viewing a Listing

- Click My Listings in the sidebar.
- Click any listing row to open its detail page.
- From the detail page you can view photos, reorder them, toggle visibility, and access the client share link.

5.2 Listing Statuses

Status	Meaning
Active	Live listing — visible and shareable
Sold	Sale closed — moved to archived section
Archived	Manually removed from active view

5.3 Creating a New Listing

You can create a listing manually and upload photos directly — useful for listings where YachtPics hasn't yet delivered photos.

- Click + New Listing in the top-right of the Listings page.
- Fill in the vessel details: name, type, year, length, make, model, asking price, and location.
- Add a description (optional but recommended for client slideshows).
- Upload photos by dragging them into the drop zone or clicking to browse. The portal will auto-tag photos by category based on filename — you can adjust each tag manually.
- Click Save Listing.

5.4 Photo Categories

When uploading photos, each image is assigned one of the following categories. These are used to organise your gallery and slideshow.

Bow · Stern · Port · Starboard · Helm · Cockpit · Salon · Galley · Master Stateroom · Guest Stateroom · Head · Engine Room · Flybridge · Swim Platform · Other

Name your photo files using a category keyword (e.g. "Salon_01.jpg") and the portal will auto-assign the correct tag.

5.5 Sharing with Clients

Each listing has a unique, shareable slideshow link your clients can view on any device — no login required.

16. Open the listing detail page.
17. Copy the client link from the Share section.
18. Paste it into an email or text to your client.

Your brokerage logo and contact details (set in My Profile) appear in the footer of every slideshow.

6. Shoots & Invoices

Every time YachtPics completes a shoot for you, an invoice record is automatically added to this section. You don't need to do anything here — it's a read-only log.

Column	What It Shows
Date	Date of the shoot
Vessel	Associated listing / vessel name
Invoice #	Your invoice reference number
Method	Payment method on file
Amount	Total charged for the session
Status	Paid, Pending, or Cancelled

Need a copy of an invoice? Contact your YachtPics rep and reference the invoice number shown in this table.

7. Billing

The Billing page is where you choose or manage your subscription plan. All plans include a 30-day free trial — no charge until the trial ends. Cancel at any time.

7.1 Subscription Plans

Plan	Monthly	Active Listings
Starter	\$29 / mo	Up to 5
Growth	\$49 / mo	6 – 10
Pro	\$79 / mo	11 – 20
Elite	\$99 / mo	21+

Photo downloads are always free

You can view and download your delivered photos without a subscription. A paid plan is only required for photo uploading and the slideshow builder.

7.2 Starting Your Trial

19. Go to Billing in the sidebar.
20. Select the plan that matches your active listing count.
21. Click Start free trial — you'll be taken to a secure Stripe checkout.
22. Enter your card details. You won't be charged until the 30-day trial ends.

7.3 Managing Your Subscription

Click Manage billing & invoices on the Billing page to open the Stripe customer portal. From there you can update your payment method, download receipts, or cancel your plan.

If your payment fails, a banner will appear prompting you to update your card. Act promptly to avoid any interruption to your slideshow sharing links.

8. My Profile

Your profile controls the personal and brokerage information that appears on your account and in client-facing slideshows. Complete it fully before sharing your first listing.

8.1 Personal Information

- **First & Last Name** — How YachtPics identifies your account.
- **Contact Email** — Displayed to YachtPics — separate from your login email.
- **Phone** — Optional, but recommended for client contact visibility.

8.2 Company Logo

Your logo appears in the footer of every client slideshow. Upload it once and it will populate automatically.

23. Under Company Logo, click Upload Logo.
24. Select a PNG, JPG, SVG, or WebP file. Maximum size: 2 MB.
25. For best results, use a file with a white or transparent background.
26. Click Save Profile to confirm.

To replace or remove a logo, use the Replace Logo or Remove logo links that appear after an initial upload.

8.3 Brokerage Information

Fill in your brokerage name, address, website, license number, and a short bio. This information populates the footer of all client slideshows and keeps YachtPics' records current.

Click Save Profile after making any changes to personal or brokerage information.

8.4 Assistants

Assistants can manage your listings and download photos on your behalf. They must first create their own account on the Portal with the role "assistant."

27. Under Assistants, enter the assistant's email address.
28. Click Add Assistant.
29. To remove access, click Remove next to their name at any time.

8.5 Changing Your Login Email

30. Scroll to Change Login Email at the bottom of My Profile.
31. Enter the new email address and click Update Email.
32. A confirmation link will be sent to the new address — click it to complete the change.

Your contact email (displayed to YachtPics) and your login email are separate fields. Update both if needed.

9. Quick Reference

Task	Where to Go
Sign up	Sign In page → Create an account
View delivered photos	My Listings → select a listing
Share a listing with a client	My Listings → listing detail → copy share link
Upload new photos	My Listings → + New Listing or edit existing listing
Check an invoice	Shoots & Invoices
Start or manage subscription	Billing
Upload your brokerage logo	My Profile → Company Logo
Add or remove an assistant	My Profile → Assistants
Change login email	My Profile → Change Login Email
Sign out	Sidebar → Sign out (bottom-left on desktop)

10. Support

For questions about your portal account, shoot scheduling, or photo delivery, reach out to your YachtPics representative directly.
